## CARNEROS CHARDONNAY

Estate Grown

Our Chardonnay is made from 100% Carneros estate grown fruit from a blend of Weimer, Wente and Dijon clones which are grown in clay loam soils to marry ripeness, texture and minerality. It is aged in Burgundian cooperage for 11 months (40% new French oak).

## CARNEROS PINOT NOIR

Estate Grown

A blend of select blocks from The Donum Estate and Ferguson vineyard. Dark, rich clay soils from The Donum Estate intensify the dark berry flavors complemented by captivating floral aromas derived from the Martini Selection on the Ferguson vineyard. Aged in Burgundian cooperage for 11 months. Also available in half bottles (375ml).

## CARNEROS PINOT NOIR

Ferguson Block

The Ferguson Block is the oldest portion of The Donum Estate. It was planted in 1974 with Martini selection on St. George rootstock. Our quintessential Pinot Noir — a perfect balance of intensity and elegance. Aged in Burgundian cooperage for 11 months.

## RUSSIAN RIVER VALLEY PINOT NOIR

Nugent Vineyard

100% Russian River Pinot Noir fruit grown on our estate-farmed property in the Russian River Valley. The lighter alluvial soils of this 11-acre site, in concert with select Dijon clones, create a well-structured Pinot Noir enhanced with bright fruit flavors and richness. We age the wine in Burgundian cooperage for 11 months.

## CARNEROS PINOT NOIR ROSÉ

Vin Gris

Our Rosé is made from 100% Carneros Pinot Noir from our special Donum Selection clone. We age the wine in stainless steel for 3 months and then neutral tight grained oak for another 3 months. Our "winemaker's wine", Kenneth enjoys his Rosé this way... bright, crisp with strawberry flavors and a clean finish.
